Verein Seidenstrasse für Bildungs und Kulturaustausch

Dear Alexandra Bopp Sutter,

Exchange of 8 Iranian teachers to Switzerland: visiting different schools/gymnasiums; 9th-15th May 2016; organised by Mrs. Alexandra Bopp Sutter, bopptrading GmbH, Holzwiesstr.1, 8704 Herrliberg and Verein Seidenstrasse für Bildungs- und Kulturaustausch.

Learnings during our stay:

- It was one of the best experiences that we had during our life because we travelled to one of the best countries in the world and also we saw and investigated about one of the best and powerful education system in Europe.
- It was so fantastic and amazing when we visited some schools like FGB (Gymnasium) and others (Kantonsschule) because of their equipment's, managements and relationship between students and teachers in order to help us to learn this kind of management to improve our education systems as future teachers in Iran.
- On the other hand we saw Swiss traditions and their behaviour that was so lovely and of course their beautiful cities and historical places (Museums and Churches). If we want to tell you about this extraordinary travel it may take many pages but we hope we will write a book (2016_TeacherExchangeWithSwitzerland_def) about our journey to Switzerland and all we got during our visit in near future and of course we will send it to you.
- At last I must thank Mrs. Alexandra Bopp Sutter and her company who helped us to come to visit your lovely country and organise this wonderful Teacher Exchange program for us.

In case you have further questions regarding our travel, please do not hesitate to contact us.
